TRADE AREA

In April 2019, Catalyst conducted a customer intercept study that included over 3,150 unique samples. These samples were collected from Bankhead Brewing, which is located at the Village of Rowlett Downtown. Common Evening Locations (C.E.L) were derived from the samples and geocoded to construct the Primary Trade Area (PTA).

Catalyst used a conservative 66.5% capture rate of the C.E.L. to define the Primary Trade Area for Rowlett. For this analysis, samples that registered 1+ visits from the time period of April 24, 2018 - April 23, 2019 were utilized to depict a realistic "core customer".
